TigerStar1 x LeopardStar

Rape/lust (the lust part comes later on)

I do not on Warriors, all characters belong to Erin Hunter.

During: the darkest hour

[...] LeopardStar jumped off the pile of bones, kind of worried for what this decision she made would lead her clan into, but she knew she couldn't defeat TigerStar. He was too strong.

Speaking of TigerStar- he appeared in front of her, looking at her with his fierce amber eyes "I need to talk to you." He mewed, before signalating with his tail to follow him. *Oh StarClan please don't make him smell my heat!* Leopardstar sent a small prayer to StarClan before following him.

They entered in their den, where they settled down. "What's wrong, TigerStar?" She mewed to the second leader of TigerClan.

"It's about MistyFoot, StoneFur, StormPaw and FeatherPaw." He hissed. "W-what's wrong with them?" *So far so good- as long as he doesn't smell my heat.* "They could make up to great warriors- StoneFur and MistyFoot *are* good warriors. The other two have extraordinary Mentors." TigerStar hissed "But they're half-clan cats! We need to kill them!" He sniffed the air, but remained still.

Did he smell me? "I don't think it's necessary... It's not their fault their parents were cats from different clans..." "But it is their parents' fault they came to exist!" He hissed once again.

"Maybe we could choose another option... maybe like making them hunt extra.." TigerStar hissed. "No- unless...." Leopardstar froze *Unless?!* "We could make them do that if you give me *Your* body!" He spat "w-what do you mean by that?!" TigerStar leaped on LeopardStar, pinning her down "you thought I wouldn't notice, but,

I did. I know you're in heat, and unless you let me fuck you I'm gonna kill the four half-clan cats," he spat. "I-I" Leopardstar froze ***If I say no, he'll kill StoneFur, MistyFoot and the two apprentices!*** "I-" TigerStar didn't let her finish that he already started toring throught Leopardstar' wall with his huge member. LeopardStar yowled in pain ***No no no!*** "Shut up. If you yowl once more I'm gonna kill you when you're expecting" he snarled, still Thrusting his Penis in her core.

LeopardStar whimpered *he's gonna impregnate me! No!* TigerStar flipped around and forced her into a hunting crouch, still keeping to thrust into her. LeopardStar was already losing her breath "please.. go.. easy...!" She mumbled, but TigerStar just tore more throught her going faster and harder.

LeopardStar felt as if she was about to get torn apart "Please stop!" She pleaded, even if she was about to start feeling pleasure. TigerStar placed a paw on her throat, claws sheathed, still fucking her "shut up, bitch. Say that again and I'll mate with you until you lose a life" "I am about to lose a life! I feel it!" She lied, but that made TigerStar just go faster

Suddenly, LeopardStar let out her first moan. She was finally lost in pleasure. Even if with every thrust TigerStar made, she felt a bit of blood coming out. She didn't mind it, all she wanted was Tigerstar and his huge Member "Aaaa, Faster.... Harder..." she moaned.

TigerStar froze, surspised, but he just grinned "Slut." He started To thrust into her as fast as a tiger *Oh- oh StarClan! Please don't make him stop! O-ooooo~* LeopardStar was a moaning machine by now, Finally TigerStar left out a muffled moan, he was always enjoying it, he just didn't want to show it, "i-I'm about to cum!" He reached deeper until he reached the womb, where he released a load of cum, and also his seed. He stayed on her. Member still inside, but he fell down, purring. *He-he's happy! He enjoyed it since the start!.. I can't blame him...* "I know what you can be useful for, now." He mewed, grinning. He slowly pulled out ho member from LeopardStar's pussy, making her yowl, but muffled. "Ngh..." "you will become TigerClan's breeder. We will use you to grow kits." He smiled. "But if any cat dares to do it before me... they'll have a strong pair of claws to meet." He padded away, delighted.

LeopardStar fell onto the floor *that was.. wonderful.. but now I have to clean all of this up...* she started to clean the floor from the cum mixed with blood.

DovePaw x TigerHeart

This is one of my fav shipssss

Love/lust

I do not own warriors. All characters belong to Erin Hunter.

During: Fading Echoes

DovePaw sat next the border of ShadowClan, waiting for TigerHeart to appear. He wanted to meet her. *I wonder what he has to tell me...* she thought.

During the mission to go and defeat the beavers, DovePaw fell in love with Tigerheart, and when she noticed his big member -sheated- she started to crave mating. She told LionBlaze that she felt her core it hitching for sex, but that just led him to keep her in camp. "She-cats who want to made can make others crazy" he said. But she knew he was lying.

Suddenly Tiger came out "sorry I'm late.." *I guess I have something to tell him too* "it's okay."

[...] "and that's why I have... these 'unexplainable' wounds..." he meowed. DovePaw sighed "I have somethin* to tell you." She gulped. TigerHeart looked at her "I-I'm in love with you! And I would like to mate with you...!" TigerHeart just... looked at her "very well" he got behind her "drop in a hunting crouch." He ordered. ***Eek! He's actually gonna fuck me! I'm so excited!***

"Be quick and thrust fast!" She ordered, but her lover was still trying to get his huge member out of it's sheate. Suddenly he thrusted into her, making her squeal, but moan. "I-it hurts a bit, not gonna lie..." "it's because you're not in heat- trust me, when you're in heat it feels better." He keep ed to thrust into her, faster and faster. "A-ahh! Faster!" She meowed "I thought it hurt ed you!" "Yes, but it doesn't

anymore, Fuck me faster!" She ordered, and TigerHeart obeyed "I think I'm already going to cum..." "do it then. I wann know what it feels like" TigerHeart cummed into her, making both of them moan "ahhh that feels so good!"

TigerHeart was going deeper into her, and DovePaw was just a moaning mess "harder!" "Faster!" "Is that all you got! I know you can do better, my king!~" everything she said just made TigerHeart go deeper, until he did finally touch her womb. He froze. DovePaw looked at him, sad "it was starting to get good..." she complained "I'm stuck-" he meowed "and I'm about to release my seed- but it would be useless, you're not in heat, so it would just be a waste!" He tried to get out of the apprentice, but she just scram "AH!" "Shut up! You'll wake up all the clans!" DovePaw sniffled "I'm sorry! But that hurt!" TigerHeart tried to pull out of her, but just hurt her again "ah!~" "I don't wanna hurt you!" DovePaw looked at him "Just release your sperm!" She snarled "I'm not in heat, so I not get pregnant, will I?" She snarled again "no!" He thrusted out of DoveWing, ripping some of his barbs (JKJK) and scram shortly "AHHHH! OW!" DovePaw looked at him furious "You could've released it! I wouldn't ge5 pregnant!" "I want to keep it in case 8 ever get a mate!" DovePaw just looked at him "*I am* your *mate* now!" TigerHeart looked at her "You mated with me! So that makes us mates!" She grinned- she could've done this again when she would've been in heat! "I-I" "come on, I know you wan5 to be my mate~ don't try to hide it~" DovePaw said getting closer and closer to TigerHeart until she was close enough. Then dropped down and started licking his Penis "'Ah-! DovePaw! What are you doing?!" He moaned while DovePaw licked his member, finally she put it in her mouth fully. "Ah! Hmm~ DovePaw...!" He moaned different times. "I'm about to cum..!" Before DovePaw did anything a large load of cum spit into her mouth, she was about to throw up, then realized she liked it. She just gulped it down as if it was water. When she did finally drink it all, she got up and looked at her *mate.* TigerHeart looked at her "Your lucky it wasn't fully my intention to actually rape you" he snarled, starting to walk back at his camp "TigerHeart!-" "I might just rape you instead next time!"

This was kinda short and trashyy.

Also requests are open!

So uhh- I wanted to try this ever since I started my watt pad.

Lust

During: The fourth apprentice

[...] SquirrelFlight padded up to her sister, who was eating a vole "LeafPool?" LeafPool looked up "Yeah? SquirrelFlight?" SquirrelFlight knew she was still sad that she lost her Medicine cat role, but she was getting used to being a warrior "I- uhm- I wanted to know if you wanted to go on a walk in the forest..? I also need someone to vent to. I wanted to tell this to FireStar but he's not in his den. SandStorm is out too." She explained. LeafPool nodded "sure let me just finish this bike real quick." She bit a piece off and pushed it towards SquirrelFlight "you wan' some?" SquirrelFlight nodded and shared the prey with her sister.

***

Once they were out of camp and in the deep territory of ThunderClan, SquirrelFlight stopped, and sat down *perfect spot to tell her...* LeafPool sat down too, eyes full of worry *LeafPool oh you're so caring! But it's nothing to worry about , I hope...* "you wanted to talk." LeafPool started "do you need anything?" SquirrelFlight softened "I- I'm on my heat, and BrambleClaw won't help me, he still hasn't forgiven me.." LeafPool pressed on her sister "I'm sorry, it's all my fault." SquirrelFlight looked at her "No! You din't have to take blame, back then if I had told BrambleClaw, he would've

helped me raise your kits and keep the secret... but I was scared.. I didn't know.." LeafPool looked at her "I get that..." she softened "you said you were on your heat, right?" SquirrelFlight nodded "and its getting worse by the second!" LeafPool looked at her "I think I know how to help, CinderPelt helped me during my first heat in the old forest" she explained. She walked up behind her litter-mate and licked one of her paws "get into a hunting crouch, and take up your tail." She instructed, SquirrelFlight obeyed. LeafPool showed her paw into SquirrelFlight's core slowly, not intent of hurting her "Oh!" SquirrelFlight moaned "Oh..!" LeafPool squirmed around her paw into SquirrelFlight, who was just moaning, unstoppably (**ik that's not a word but uhh-**) She backed, wanting the paw further into her, LeafPool tried to stretch her paw more. Then she stopped and took it out "LeafPool!" SquirrelFlight got up and looked at her "why did you stop?" She asked "I couldn't reach further, I-" a distant moan stopped her "what was that?" A yowl -filled with lust- followed the moan "F-F-FireStar! Oh!~" the unknown cat moaned The leader's moan "I think mom and dad are mating!" LeafPool theorized "Let's go and 'spy' them!" She sprung towards the moans, then hid in a bush. SquirrelFlight followed and hid under the same bush, peeking behind some leaves □

"I knew it!" LeafPool whispered. SquirrelFlight looked at her mother *I wished I was S-SandStorm!* "FireStar!" SandStorm moaned her mate's name, turning around, FireStar was thrusting his huge member into her. "Woah! I didn't notice our father was huge until now!" SquirrelFlight whispered "S-SandStorm! Ah- I'm about to reach.. my climax!.." FireStar howled, before releasing a huge load of cum into SandStorm, some of it spilling out. SandStorm released some liquids too. SandStorm stiffened, and SquirrelFlight guessed that FireStar planted his Sperm inside of SandStorm. He laid on her, licking her cheek, still inside of her "our new kits are gonna be wonderful, SquirrelFlight and LeafPool are gonna love them, too." He mewed throught licks, while SquirrelFlight and LeafPool softened at their names "we're gonna have siblings!" LeafPool whispered. SquirrelFlight smiled, but then slid, let out a yowl, and fell in the clearing SandStorm and FireStar mated in. FireStar got out of SandStorm quickly and licked one of his paws. SandStorm looked at her kit "you've been watching us the whole time haven't you?" She sighed, but not angry "I guess LeafPool's here too" She

slid out of the bush, giggling noticing her litter mate was covered in leaves. SquirrelFlight hissed at her playfully. SandStorm looked at FireStar, who was scenting the air. He padded up to SandStorm "I thought BrambleClaw had already took care of that." "Of what?" "SquirrelFlight's in heat." He meowed. "SandStorm chuckled an stared at her kit "I guess they could both join us." She lifted up her tail "SquirrelFlight! LeafPool! Come here!" They padded up towards their mother, fear in their eye

"We shouldn't have spied on you, we're sorry." SquirrelFlight meowed nudging her sister, who almost lost balance. SandStorm shook her head "we're not angry" she meowed, SauirrelFlight looked surprised "you're not?" SandStorm padded up to her "It's normal to feel jealous of others when you're in heat." She meowed sexily "pheraphs *your father can help you*" she meowed nudging towards FireStar. "Wh-what?!" FireStar padded up to her, his member dangling from side to side *That thing's going inside of me?! It probably won't fit!* "Get into hunting crouch." He ordered, and out of pure fear she obeyed. SquirrelFlight closed her eyes as her father mounted on her, preparing his huge penis to fit inside of her tiny core. Then, suddenly, he shit it inside of SquirrelFlight "Ah!" She yowled, FireStar went faster. SquirrlFlight started moaning "Ah-~.." she moaned, and moaned again, and again. LeafPool looked at them. "What about me?!" SandStorm started to lick her core, and eating her out. LeadPool moaned, and laid down.

"A-ah, F-FireStar!" He kept thrusting into his daughter "You do like Daddy's huge member into you, don't you, SquirrelKit?" SquirrelFlight moaned. "I-I'm not a.." she just moaned again.

I should not be mating with my own father..! But oh StarClan~ She tried to wriggle away, but FireStar just placed a paw on the back of her neck "stay still." SquirrelFlight squeaked in fear as her father was just thrusting into his daughter like it was no big deal. Meanwhile SandStorm was eating LeafPool out. "I-oh! M-mom!~" SquirrelFlight looked at her sister, then yowled as FireStar hit her womb "AH! OW!" FireStar released a load of cum into her, but kept his Sperm inside, not intent on impregnating his daughter *yet, your still mating with me.* Firestar slowly took out his member, then slammed it again into SquirrelFlight, making her moan, and then

fully taking it out. He started licking it into a sheate again. Then looked at his daughter's wet core "your just like your mother." He spat. SandStorm stopped licking LeafPool, and walked towards FireStar. They padded away, leaving SquirrelFlight and LeafPool with a mess to clean up. LeafPool turned towards her sister "is that FireStar's cum Or yours?" She asked. SquirrelFlight looked at her "both." They started to lick up the cum.

Pretty short but I'm still satisfied with it!

Leave requests!

BlackStar x FireStar x LeopardStar x OneStar x MistyFoot

Okay so-

I don't know why this idea has came up to me but uhh

Ye

I won't be able to keep this in one page so I'll make a part 2 probably

Okay let's get to the story

Rape

During: The fourth apprentice

PS: this story is connected to the FirexSandxSquirrellxLeaf fanfic c that I made b4!

[...] FireStar padded out of his den, and sat on the high ledge. He laid down, and noticed SandStorm sharing tongues with SquirrelFlight. Firestar guessed they were talking about when he and SquirrelFlight had mated-judging from them both blushing- 2 nights ago.

He looked around and noticed CloudTail's patrol -formed by him, BrightHeart, DustPelt and BlossomFall- trotting inside camp with two prey each. He purred noticing ThunderClan's prey pile was full.

Suddenly the camp's entrance shifted again, and LionBlaze and DovePaw came in panting. "FireStar!" LionBlaze yowled "FireStar!" He repeated. FireStar jumped off the high ledge, and DovePaw

stormed toward him "BlackStar wants to speak to you." She meowed quickly, right after, CinderHeart and IvyPaw came inside guiding BlackStar in the clearing. The leader dipped his head at the fire-colored cat " BlackStar." FireStar greeted "what brings you in ThunderClan's territory?" He demanded. BlackStar looked at him with a smirk "I need to talk to you." He meowed, BrambleClaw trotted towards them. "In *private,* Leader to Leader." He said. "Notice how I didn't bring RussetFur. *I wonder why!* FireStar nudged BrambleClaw and the Training patrol away and looked at BlackStar. "Follow me to my den."

***

"Make yourself comfortable... just not too much." He mewed. BlackStar just sat down and looked at the ThunderClan leader "LeopardStar is on her heat." He explained, FireStar looked at him "I-" *no FireStar, you can't say that you have a mate, you literally mated with your daughter 2 nights ago.* "Continue." He sighed. "I was Planning to meet up by the island. Leader only meeting... but, I guess you can bring BrambleClaw, since he's the only male deputy we have in this island. LeopardStar's bringing MistyFoot, she's on her heat too." He grinned. FireStar's penis started itching *FoxDung!* "When is the meeting?" "Tonight. I'm counting to see you there." BlackStar got up "We male leaders are meeting by the Great tree first, and we won't go until we're all ready. Is that okay with you?" Firestar nodded "great."

***

"So we're going to the island, for a meeting, but it's actually to rape LeopardStar and MistyFoot?" FireStar nodded "Exactly" he sat by the great tree, awaiting the other leaders "But you've got a mate! FireStar! You're betraying SandStorm!" He hissed at BrambleClaw "I'm not! I don't love LeopardStar romantically, but I would do anything for a she-cat's core!" He snarled *did I actually say that?* BrambleClaw sighed. "I guess that's good enough" suddenly BlackStar and OneStar appeared at the same time BlackStar began to speak "I see you did bring BrambleClaw." He dipped his head. "BlackStar, OneStar" the deputy greeted. BlackStar looked at all the tom-cats "get your members ready." He snarled "We've got some holes to meet. Me and FireStar will take LeopardStar, OneStar and

BrambleClaw will take MistyFoot, once we all cum and release our sperm, we will switch she-cats. Discuss which part you'll take." He turned to FireStar, who was already rubbing his member out of his sheate "I see you're huge" he looked surprised for the first time "but I'm bigger." He sat down and started rubbing his penis too "So, FireStar, are you okay to get the core? I want the mouth." FireStar nodded "Perfect for me." He stood back up once his member was fully out "Let's get going."

***

The three crossed the tree-bridge, and walked in the clearing at the same time. LeopardStar and MistyFoot looked surprised to see them coordinated. But they just shook the thought away. "BlackStar, FireStar, OneStar, BrambleClaw.." LeopardStar greeted. She laid down "Where are RussetFur and AshFoot?" MistyFoot asked. "Now!" BlackStar yowled, and they pounced in their she-cats, pinning them down "Ah! No!" MistyFoot wailed, but LeopardStar just looked surprised "What the-" FireStar stabbed his dick into LeopardStar's core "Oh!-" she yowled in pain "No!" She cried "Please FireStar!" She sobbed in pain, while FireStar was thrusting into her fiercely. "Shut up, slut." BlackStar looked at FireStar surprised, as if he didn't think he would ever say that. He grinned noticing The two she-cats pain. "Open your mouth, twink." He snarled at her "no! Ngh..!~" she hissed thru gritted teeth. "Don't worry BlackStar, I'll do my best to make her moan." FireStar meowed, he unsheathed his claws from one of his paws and put it on top of LeopardStar's back neck "And if you won't open your mouth we'll rape you to death." He snarled "I like you being fierce, FireStar, you look good in it." BlackStar mewed sexily. "Ah! FireStar! Stop!" LeopardStar cried trying to corrupt him "you're not manipulating me, bitch. We knew you were in heat." She cried. MistyFoot was already enjoying herself "Oh OneStar!~ you're huge! Make me yours!~" onestar thrusted into the deputy faster "such a slut." He spat. BrambleClaw stared at the she "open your mouth for me, twink." He meowed sexily, and MistyFoot obeyed. BrambleClaw fit his member into her mouth and started thrusting into it. Meanwhile LeopardStar was still keeping her mouth closed "Oh! FireStar!~" he nodded at BlackStar *be ready, she's almost going to moan. "*FireStar... I-" she panted "AGH! FIRESTAR! AHH!~" she left out a huge moan, BlackStar stuck his paw into her

mouth, forcing it open, and thrusted his penis into it "get ready for the wildest ride of your life.." he snarled starting to thrust into her mouth. MistyFoot was sucking onto BrambleClaw's member like her life depended on it, and was going in Rythm as fast as Onestar's thrusts. She left out muffled moans. Then both of the toms f released their liquids and seeds into MistyFoot, and dismounted her. She purred and cuddled with both of the toms. FireStar snarled at LeopardStar "take your deputy as an example, slut!" He released his cum into her, followed by his sperm. The fight after BlackStar realeased both, too. The only thing that went down LeopardStar's throat was the sperm, she spit the rest out of her. They dismounted the she, and BlackStar clawed at her paw, leaving a small wound, but not deep. *Damn BlackStar, you"re a bit too fierce.* "Is it over...?" LeopardStar pleaded. OneStar snarled at her "no, bitch. You wished it was." He turned back at the toms. Fire.star looked at his deputy "you're enjoying yourself, aren't you?" He purred in response. "Let's switch she-cats now." BlackStar demanded. "Same spots, .FireStar? I still want the mouth" FireStar looked at the leader "And I still want the asshole." He answered. One.star and BrambleClaw padded up to LeopardStar, who was close to passing out. "She deserves to be punished!" FireStar snarled "Fuck her until she loses a life!" He padded back to MistyFoot, who was already eyeing him "FireStar! You're way too huge! I don't think it's gonna fit inside of me..." she meowed, but she just got down into a hunter's crouch and swayed her hips "but try it out. And be fast, asshole." He mounted on top of the she "Who you calling an asshole, slut?" She purred "make me your own slut, make me your sex toy, FireStar, show my womb your huge member, *Rusty* !" She moaned. "I'll give you some time to moan and enjoy yours,Ed before filling you mouth with my own cum" BlackStar snarled "Start the second round!"

This is the part one, yes, I can't keep it all in one chapter, I promise to make the part two come out as fast as possible!

IvyPaw x HawkFrost x TigerStar1

I quit writing the timeline.

Last t8me I'll ever do it. During: fading echoes.

Yeah I'll never do it again.

I QUIT

not quitting lemons tho. I loaf writing them.

Also I just fell in love with poly stories 🍵

Rape/lust

Kk let the lemon begin

IvyPaw walked into the apprentices den and looked at DovePaw. She was already asleep, IvyPaw started to envy her *they always let her do whatever she wants! What even Is so special about her? And why does she keep her ears perked up all the time?! She's just an apprentice!* IvyPaw sighed, before curling up in her nest to fall asleep.

She woke up in the place where her and HawkFrost always trained "HawFrost?" She called out, making sure he wouldn't have randomly jumped on her from behind to surprise her "HawkFrost!-" she felt her core itch randomly. She got under a dark bush and touched her core with one of her paws *oh!* She did it again *ohhh...~!* She got out of the bush and HawkFrost appeared from behind a tree, lunging at her. IvyPaw dodged it, and pounced back on him. HawkFrost sighed "good job..!" He meowed. IvyPaw looked at him proud, and felt something poke her core *uh-?* She felt her core itch again "HawkFrost? Can I ask you something before starting ti train?" *Maybe he knows what this feeling is...* "yeah?" IvyPaw sighed in relief. At least he could've listen. She sat down

and looked at the tom-cat with love in her eyes "my core itches, and when I touch it it feels good." She explained "I don't know why". HawkFrost sighed, but IvyPaw felt the slight happiness in his sigh. *why are you happy?* HawkFrost looked at her. "You're in heat." He meowed "allow me to help you with it." He meowed suspiciously and pounced on her before she could neglect the help. *What are you doing?!* "What are you doing?! I want you to tell me what heat does!" HawkFrost looked at her "why explain when you can feel it?" He started to fir his huge penis into her "Ah-ahh!~ h-HawkFrost! Ngh!~" IvyPaw started moaning, and which each moan HawkFrost went faster and faster, and harder "Ahh!~ is this what ut feels like?... why do I feel pleasure?.. Ngh!~" HawkFrost kept his mouth shut, keeping to thrust into her in a rhythm. IvyPaw followed the rhythm with her thighs. "You're so good at mating, IvyPaw." HawkFrost replied and IvyPaw looked at him puzzled "this is matibg? I don't want to do it anymore then!" She whimpered "oh! Oh! But! Uhh! Never mind.. ahh HawkFrost! F-faster...~" IvyPaw was a moaning mess and HawkFrost went deeper each thrust. "I'm about to reach the womb..." *I feel him insid of me! But oh...* "do it then... Ngh..." HawkFrost was about to reach the womb. But he realeased cum right befor he could, and as soon as he released a drip of it, something pounced on him throwing him off if IvyPaw. The rest of the cum spilled on the dark forest's grass. "TigerStar!" HawkFrost mewed surprised. IvyPaw noticed that TigerStar's member was way bigger than HawkFrost's. She looked at it greedily. TugerStar let go of his son "You're supposed to train apprentices, not give them kits you mouse-brain!" He spat, and looked at IvyPaw "she's in heat isn't she? Then i'lol help her." He stepped over to IvyPaw and started to rapidly rape her "Ah! T-TigerStar...!~" she moaned as the huge member tore through her "Dad... wait! I was supposed to mate with her!" TigerStar shot a furious glance at his son "I'm the one who rules here." He said as a response still raping IvyPaw. He unsheathed his claws "Talk dirty to me. I dare you." IvyPaw gulped *how?!* She sighed and repeated what her mother said to her father when she once heard them mating "Oh TigerStar thrust into me as fast as you can! Make me yours! Make me your sex toy! Let your huge member release one of it's sperms into me, make me cum, and cum inside of me! Rape me until I die! Rape me until I join you!" She meowed scared, but moaned while saying that "oh! Go faster! Ngh...~!" TigerStar grinned "if you say

so, Ivy*Kit.* " he started going deeper until he touched the womb. IvyPaw moaned in relief as the big penis tore throught her "yes! Yes..!~ D-daddy!~" TigerStar touched the womb a couple of times and released a lot of fun, alongside a sperm. IvyPaw moaned, and TigerStar mounted off if her. IvyPaw noticed her core was bleeding slightly *oh fox-dung!* she started to clean it up,and heard TigerStar and HawkFrost over talking "next time you need to breed with a cat, ask me." Tiger.star growled

FernPaw x DustPelt

Yes.

Rape/lust (lust only for Dust)

This is an AU where DustPelt mentored FernCloud instead of... I forgot.

Anygayz

DustPelt stepped in the apprentices den, FernPaw had to do her Warrior assessment or else tomorrow she wouldn't become a warrior. But there was something... else. A day earlier, he smelled FernPaw being in heat, so DustPelt changed plans. Yes, the assessment would've still be done, but... in a different way.

"FernPaw! Get up!" "5... more... minutes..." "no! Get up now!" Eventually the apprentice did get up and shook some pieces of moss off of her. "We need to do your assessment" DustPelt spat lustily. FernPaw looked at him tired and nodded. They went into the woods.

FernPaw looked at her mentor "what first? Hunting? Fighting?" DustPelt sighed "don't worry about those" he kept walking knowing FernPaw was staring at him confused. She followed him and DustPelt grinned.

"Why do we need to go so far from camp when it's just a warrior assessment?" FernPaw moaned dragging her words "you'll see..." DustPelt chuckled and FernPaw looked at him worried.

Finally, when DustPelt decided they were far enough, he turned to FernPaw "we'll start with the basics. Show me what a hunting crouch is like." FernPaw looked at him puzzled "I thought you said we didn't have to worry about hunting" she moaned. "Just do it.". FernPaw sighed and crouched down as if she was stalking a fat, juicy bird *oh you'll see something juicy alright!* DustPelt spun around

her "good, good... perfect." FernPaw sighed "can I stand up now?" DustPelt stopped circling around her once he was behind her. He pounced on he keeping her still "no. No you mah not." FernPaw tried to push him away, but DustPelt staid still. FernPaw stopped trashing around as soon as she felt DustPelt unsheathed his claws. "DustPelt what are you doing! Let me go!" FernPaw cried. "What are you doing?!" DustPelt chuckled as he got his huge member in position "you thought you could've escaped, didn't you?" He grinned, and FernPaw fixed her gaze at him "what are you doing now?!" "I'm going to fuck you, and make you give me kits. That's what female Warriors are for" he spat as he thrusted his member into his apprentice "AHHH! DUSTPLET! IT HURTS! IT HURTS!" DustPelt slammed his paws at her head, making her head slap at the ground "shut up. This is what real warriors do. And if you even *dare,* to yowl/make much noise or try and escape, I'll kill you without hesitation!" He snapped, start8ng to thrust at her. FernPaw sobbed silently because of this pain, she had never felt before. Meanwhile DustPelt was moaning as his penis tore throught her virgin walls. FernPaw was already panting "you can't be panting already, we just started!" He spat. "It hurts...." His apprentice cried. DustPelt kept on slamming his dick inside of her pussy, making clapping sounds "you've been a naughty, naughty she-cat~" he mewed sexily. FernPaw wasn5 enjoying any of it.

DustPelt was enjoying it. He slammed into FernPaw harder each time, with each of these making her pant. "Slut." He randomly came. "...asshole..." FernPaw said back, only to yowl after as DustPelt slapped her core with his giant cock "bitch, shut up. You'll end up liking it someday." He meowed as he cummed inside of his apprentice with no warning, she panted hard. Eventually 3 of his sperms released themselves planting inside of FernPaw. Sh3 fainted under of her mentor. She did like him but... not anymore

"Oh ohhh FernPaw! Ngh~" DustPelt was moaning as he came in her, with no answers. He eventually came again, releasing more seeds, and again, and again, and again..... "I wish I could do this forever! Oh love! What a slut you are~" he kept pounding into her, hoping she'd have many kits. He wanted to be father of many.

He thrusted in her more and more, then, he finally got sore. *But I*

still want to have sex. He flipped FernPaw over and started to lick her wet pussy with his cum, he licked as if his life depended on it. Then he opened FernPaw's mouth with a paw and fit his member inside, he started thrusting into her mouth. She was unconscious and couldn't react, but as soon as she'd woke up she'd drown in the cum.

DustPelt realized FernPaw was coughing, and took his dick out. -he had cummed in her mouth- she coughed on the cum inside of her mouth, and gagged. DustPelt grinned "we should get bac' to camp." FernPaw rolled over and gave a long sigh. She looked at DustPelt and got up barely standing upright. "What happened?" *She lost her mating memory! I hope she remembers how to hunt or fight tat least. "*A gang of kitty pets came and raped you. I drove them off but it was too late..." he lied faking his emotions "you'll have their kits" FernPaw actually believed him and followed him to the camp, leaning on his shoulder.

***

"From now on, you shall be known as FernCloud. You and AshFur will have the silent vigil tonight. Clan dismissed." FireStar bounded off of the high rock and FernCloud trotted towards her mate: DustPelt "is t this amazing?" She purred "we can be official now." DustPelt purred "it's fantastic" FernCloud looked at him with lust in her eyes *oh! So now's the time when you want me to fuck you?* "What is it?" DustPelt asked amused "I want to have your kits." DustPelt lit up "I'm on my heat..." DustPelt got up and signaled to FernCloud to follow him.

They reached a clearing and FernCloud crouched down "mount me, Dust*Kit*," DustPelt climbed on FernCloud and started to roughly fuck her, making her moan multiple times. "Oh-Oh yea! H-harder! Faster! Oh daddy~ Ngh!~"

Requests guide

Step 1:

How do you want the story to be? Rape? Lust? Love?

Rape- the cats mate without the other's consent.

Love- the cats mate with both of the two consent.

Lust- the cats feel pleasure while mating (cannot go alone)

There can be a mix!

Ex: Love/rape- The cats feel romantic attraction to each other, but mate without the bottom's consent.

Rape/lust- the cats mate without consent but feel pleasure

Love/lust- the cats mate because they feel romantic attraction to each other and feel pleasure.

This first one is one important step! I need to know what you want me to write!

Step 2:

What cats do you want to include?

Cat 1: (name, look, personality)

Cat 2: (name, look, personality)

You can also include more cats, I take up to 5/6

Step 3:

What are the cats' genders? (You can mix this part with part 2)

I DONT DO LESBIAN LEMONS

I find them too difficult. I do MxM, MxF and that's it.

Step 4:

Are they oc's?

If yes, you better specify what they look like, act like in DETAIL. is the clan fan-made? Specify the territory.

If not, include of which clan the cats are and how they meet (if they are from different clans)

Step 5:

How do they reach to the mating part? Please specify.

Step 6:

I DO NOT MAKE KIT X WARRIOR AND KIT X APPRENTICE, BUT KIT X KIT IS FINE!

I do make OC x Canon.

I also do Warrior x apprentice (only if they are near to becoming a warrior).

Step 7:

How do you want the lemon to finish?

This step is for me to understand what you want it to finish like, and I do not have to make it myself! :3

Hope ya'll find this useful!

TigerStar1 x LeopardStar (pt. 2)

This is part 2!! Yay!

Love/lust/rape... a mix of all kinda

In this chapter DarkStripe will be here too.

LeopardStar laid in TigerClan's nursery, with 4 kits **(I made myself)**, LionKit, (a golden tabby Tom) PigeonKit (a gray colored she), OakKit (a brown tabby Tom that looks just like his father -TigerStar-) and BitterKit (a orange Tom). She lay as the 4 kits drank her milk.

TigerStar walked in, furious as he saw PigeonKit "why are they gray?" LeopardStar looked at her "mate". "I guess she skipped generations. You know that very well, didn't you?" TigerStar scoffed. "You mated with another cat did you?" LeopardStar looked at him "what?!" TigerStar got up, tail lashing "who did this? Tell me! Or did you manipulate then into doing that?!" LeopardStar looked at the leader "I didn't mate with anyone else!"

TigerStar looked at her furious "stop lying! And be quick feeding them, I need to do something." LeopardStar looked at him "you're not going to mate with me, are you?!" "There will be DarkStripe too, so no." LeopardStar sighed in relief as he said that. But TigerStar was lying.

As soon as the kits stopped drinking milk, LeopardStar asked another queen to take care of the kits while she was gone, and trotted out towards the leader's den, but got stopped. "We're going in ShadowClan's old camp." DarkStripe muttered "TigerStar is already there, and is waiting for us in their old den," LeopardStar sighed. Yes, after the birth of the kits she went back in heat, but TigerStar told her they wouldn't have mated. DarkStripe was eye-fucking her on the way there. LeopardStar lashed him away with her tail. Then DarkStripe fit his muzzle under LeopardStar's tail and into he hole. She hissed "stop it you asshole!" She clawed at his face,

only leaving a small scratch. He hissed. Suddenly DarkStripe pinned down LeopardStar and started to rub his member on the outside of his pussy "stop it!" She threw him off as soon as he started thrusting, and ran towards the camp.

She fell into it and met TigerStar. She knew he could tell him what happened "TigerStar! DarkStripe tried mating with me while I was getting here!" She hissed, hiding behind of him. DarkStripe looked at TigerStar with fear. "I guess we will punish him." He trotted in his old den, LeopardStar looked uneasy with the two toms. TigerStar pinned DarkStripe down and started to thrust his member inside of his small core "Ah.. TigerStar!~" she hissed at DarkStripe "bitch! That's my mate!" She flinged at him and somehow managed to change positions with him, DarkStripe looked surprised. LeopardStar stared at TigerStar "let's show how *we* do it~" LeopardStar moaned sexily. She raised her hips "come on... what are you waiting for, my love?~" TigerStar looked at her horny, and started pounding into her without warning. She squealed and moaned as her mate's huge member thrusted into her "give me more kits, will you? This is weak, you are able to go faster, or ven harder" she dragged her words. DarkStripe stared at them. He tried to fit his member inside of LeopardStar's mouth, but TigerStar hissed him away.

LeopardStar moaned non-stop, and eventually TigerStar did too.

DarkStripe tried to walk away, but got thrown on the ground by TigerStar. He mounted off of LeopardStar. "TigerStar!" a LeopardStar flipped him around, and mounted him. Apparently, she and TigerStar decided that she could've topped DarkStripe. She fit his member inside of her swollen core, and started jumping her hips up and down. DarkStripe didn't enjoy being bottom. TigerStar fit his member inside of DarkStripe's mouth "that's what you get for trying to fuck my lady without my permission..." he started pounding inside of his mouth, making him gag, but still suck it. Eventually TigerStar released his cum inside DarkStripe, and LeopardStar made him cum inside of her, but didn't let the sperm reach her. She got off. "Give me your seed, TigerStar~..." she pleaded, TigerStar mounted on her and thrusted into her core until he released his cum + seed. They trotted away leaving DarkStripe alone in the den.

LeopardStar and TigerStar mated again while reaching the new camp.

BrambleClaw x JayPaw x LionPaw x HollyPaw ((request))

Love/lust

TessaLucy I'm sorry if you find this bad! I hope you'll like it:3

Let's start with the lemon!

I do not own warriors.

BrambleClaw was organizing patrols, then jumped down towards AshFur and ThornClaw **(I forgot who used to mentor holly leaf I hope I got it right-)**

"We should bring LionPaw and HollyPaw out hunting today." AshFur meowed to ThornClaw "maybe it's better if we do some fighting practice..." ThornClaw got closer to AshFur, whispering something in his ear. BrambleClaw barely overheard "HollyPaw needs to learn more self-defense tactics now that she's on her first heat..." BrambleClaw lit up. He needed a way to pry in the conversation. *My kits do need some mating lessons. But I can't just say it like that!* Suddenly AshFur's words saved him "Heat!.. I wished SquirrelFlight still liked me." BrambleClaw hissed "get over it! She's mine now." *Thank you AshFur!* AshFur jumped "BrambleClaw! I'm sorry." He dipped his head still shaken. ThronClaw did the same "do you need anything?" "Can I borrow HollyPaw and LionPaw? I want to do some family training" he lied. ThornClaw looked at him, then sighed. "Please make sure to teach HollyPaw more advanced fighting, she's on her heat." He meowed. BrambleClaw nodded and headed towards the medicine den, intent on bringing JayPaw too. "LeafPool?" LeafPool greeted him "BrambleClaw! What can we do for you?" JayPaw's blind gaze met BrambleClaw's amber eyes. "I wondered if I could borrow JayPaw for a bit. Me, HollyPaw and

LionPaw are going on family training... so why not JayPaw too? He could use some more self-defense strategies" he lied again. LeafPool looked at JayPaw and at BrambleClaw "alright, I guess." She looked back at JayPaw "have good training."

***

BrambleClaw and his kits went to the farthest place of the forest, not intent on being caught, then stopped. He turned around and looked at his kits. "Let's do a bit of everything." He meowed. "LionPaw, attack HollyPaw, HollyPaw try to block the attack or dodge it." He wrapped his tail around his paws, inviting JayPaw beside him. "You'll do this too later." He dragged his words. LionPaw crouched down, HollyPaw had her green gaze fixed on her brother. The scent of heat flooded BrambleClaw's nose *holy shit! I better take care of this soon.* He thought, concentrating back at HollyPaw. He purred seeing LionPaw's huge member.. for an apprentice... wriggle under him. Then he pounced, but HollyPaw crouched down and slid forward like a snake, avoiding LionPaw's attack, who fell clumsily on the forest floor. BrambleClaw purred funnily. "Let's say LionPaw did pin you down. Try to escape." LionPaw pinned his sister down. HollyPaw kicked at his rear legs -which made him lose his balance-, and rolled him over, pinning LionPaw down just like he did with HollyPaw. BrambleClaw purred in amusement "brilliant! Just, LionPaw, don't fall for it when an enemy clan attacks!" He joked. "Let's try with me and JayPaw." He padded up, JayPaw behind of his father. "Let's try something simple. When you think I'm close enough, try standing on your back legs and land a paw on me." He instructed. He started to crawl towards JayPaw, who was being careful to every little movement. Once he was close, BrambleClaw got up and raised a paw. JayPaw reared and slapped his paw at BrambleClaw's side, making him fall "good job JayPaw!" "That was awesome!" BrambleClaw got back up. JayPaw was smiling proudly. "Let's try something else." He trotted in front of his kits "this isn't something the clan would normally teach you -especially JayPaw-, but I want to let you know" he sat down "what do you know about mating?" LionPaw gulped "I know it's the process to having kits" HollyPaw meowed. "Perfect. Anyone else?" Quiet. "Well... me and HollyPaw will do a demonstration." He sighed as he padded up to the black she-cat. She gulped "w-we are?"

BrambleClaw stepped closer and went behind her "yes, dro into a hunting crouch, but with your hindquarters slightly higher... and more backwards." He instructed, and she obeyed. *Finally!* He mounted on his kit "JayPaw, LionPaw, pay close attention." He froze "wait! JayPaw I didn't mean to-" "it's okay.. for this time. LionPaw will tell me what happens." BrambleClaw looked back at HollyPaw, who was already looking braver. "Ready?" "As I'll ever be!" He scoffed, fitting his member inside of HollyPaw's small core.

She squeaked. He slowly started to thrust into her, making her moan each time in pleasure. "It's.." HollyPaw stopped "StarClan... why does it feel good? Oh...~" BrambleClaw huffed while thrusting into her. "You're in heat." He explained "She-cats in heat do enjoy sex, but..." he froze "they usually hope that no cat mates with them, they want their own mate to take care of them." He explained thinking of SquirrelFlight's tight pussy. He started to thrust harder thinking of SquirrelFlight. "StarClan! Too hard!" HollyPaw squeaked "..but the speed is good, I guess." HollyPaw started purring, which made BrambleClaw go harder. It wasn't long before he cummed into HollyPaw and released his sperm too. HollyPaw raised her fur in surprise "what was that? It felt like a flying worm!" BrambleClaw got off of HollyPaw "that was cum, and right after came the sperm, which makes she-cats in heat get pregnant." He stopped. He said something he shouldn't. *Fox-dung!* "LionPaw, your turn." He trotted over excited, while HollyPaw looked at BrambleClaw horrified "so I'm pregnant now!" "Not yet, but soon..." he meowed, pinning LionPaw down "you see LionPaw, I do not like being bottom. Plus you need to know what she-cats feel. So I guess that's a good excuse." He meowed before thrusting into LionPaw, he staid shut. *Not talking, are you? Bad kit~* BrambleClaw slammed his penis hard into LionPaw's core, which made him yowl. BrambleClaw heard paw steps approaching "LionPaw! You need to get a better grip on tree branches!" The paw steps got away. And LionPaw let out a muffled moan "what was that?!" BrambleClaw kept into thrusting "you see, Toms can make she-cats feel pleasure, but also pain, if they want." He got down of LionPaw, who reached his sister. "JayPaw, wanna try something.. else, but better?" JayPaw nodded. BrambleClaw slammed him down, and opened his mouth, he fit his huge penis into the small mouth. JayPaw gagged. "Suck." He ordered, and JayPaw just obeyed out of fear.he heard small moans

coming from a side, and guessed that HollyPaw and LionPaw were practicing mating. "LionPaw!~ you're huge! Oh~" JayPaw kept on sucking onto BrambleClaw, this time finally enjoying it. BrambleClaw moaned slightly, and got his penis out of JayPaw "alright, now as usual." He mounted onto the cat and started to rapidly thrust into him, making them moan "I never thought I'd enjoy something so much... daddy!~" HollyPaw was moaning harder "go faster LionPaw!~" BrambleClaw moaned as he hit JayPaw's spot. JayPaw panted, and fell on the ground as he got free. LionPaw was trhusting into HollyPaw as fierce as a lion *fits him.* "Alright! Let's go hunting"

"And don't tell"

LionBlaze x HeatherTail (SCRAPPED)

I had a dream of this lemon

Rape, and a bit of lust.

LionBlaze stiffened. He had to get CatMint from WindClan's territory. ThunderClan had finished it. "You need to! Or else our cats will die from GreenCough." JayFeather stiffened. "Please LionBlaze!" LionBlaze was aching for sex recently "a-w-what if I come across a she?!" Jayfeather stared at him with his blind gaze. "You won't. You need to leave and come. It'll be quick. You *won't* mate. Even if it happens." JayFeather spat. He sighed "I'll be quick he promised. He sprinted outside the clan camp and towards the tunnels that lead towards each part of the territory. Him and HeatherPaw found them when they were apprentices. Memories flooded his mind

(PAST)

"HEATHERPAW! ugh! You're so tight!"

"Ohh LionPaw!" HeatherPaw moaned as LionPaw thrusted into the WindClan apprentice. He cummed. "Ohh I love you so much!" LionPaw settled down "again tomorrow?" HeatherPaw threw him off playfully "bet!"

(PRESENT)

LionBlaze shook the thought away.

CatMint, focus! CatMint! LionBlaze sighed in relief as he got out of the tunnel and saw that not cats or patrols were near. He noticed some CatMiny nearby too. *Yes!* He tried to pick up some stems. "STEALER! INTRUDER!" LionBlaze froze hearing a she-cat. He

looked up "HeatherPaw!" He sighed. She was an apprentice. He couldn't mate with her. She hissed "it's HeatherTail now!" She arched her back lashing her tail *fox-dung! A warrior!* His member got rock hard. He started to ache for sex even more. "I-I- really?!" He backed away, smelling that HeatherTail was in heat, too *Great! Just Great!* HeatherTail sighed, softening herself "take as much as you need, and what you need. We have enough." She meowed still harsh *I'll get what I need alright!* He pounced onto HeatherTail and dragged her into the tunnels. He kept her pinned "LionBlaze! What are you doing?!" He staid silent. He turned the she around and slammed his paws onto her shoulder, unsheathing the claws a bit "stay silent, or I'll shred you to pieces." He hissed, taking the paws down, biting some of her neck scruff. He slammed his huge penis into her small core "LIONBLAZE!" she yowled, not in pleasure at all. LionBlaze growled as he thrusted in and out fiercefully. "LIONBLAZE! STOP!" she hissed in another yowl. He clawed at her shoulder "shut up slut!"

LeafPool x CrowFeather ((request)).

Request from HorseLover1212121212 (hey, I like horses too, but I can't do horse riding :<)

Love/lust

Uhhh when they ran away (idk what timeline you wanted me to do it so I think that's the timeline- sry :/)

LeafPool sighed in relief as they she and CrowFeather settled in their make-shift den. They have been walking all day to leave the clans and make a family of their own, and finally they could've rest. CrowFeather laid down beside LeafPool, licking her head. LeafPool purred. CrowFeather stopped as the she-cat bent to gave her core some quick licks "what is it?" LeafPool froze. ***I trust him. I can tell him.*** "I'm on my heat, and my vagina itches." She explained "not the best feeling in the world if you ask me," she turned around with her belly exposed as a sign of trust towards her mate, but in the meantime keeping her core covered with her own tail. CrowFeather sighed "I can help, if you want." He laid his head on his pitch black paws, and closed his eyes. LeafPool looked at him. *We ran away to stay together and make our own family, haven't we?* She sighed ***I'll let you know tomorrow, I'm too tired.***

***

LeafPool yawned, stretching in her make-shift nest. CrowFeather was already gone. "CrowFeather?" She called out her mate's name. The black Tom stepped inside the make-shift den "yes?" LeafPool let out a soft *mrrow* of relief "okay, you're still here." She meowed

"Hm?"

"I didn't see you and I panicked."

"You know I'd never leave you alone."

LeafPool purred and walked by her mate sitting beside him "you know...." She meowed unsure "i really need help with this heat. It's like a curse StarClan gave me.." CrowFeather stared at LeafPool "you sure?" The tabby she-cat got in position "why not? Don't u want kits, anyway? That's what we left for." CrowFeather sighed "it'll hurt." "I can cope." CrowFeather mounted on his mate, and LeafPool gasped as she saw CrowFeather's member "on second thought..." "it's okay." CrowFeather meowed gently "we don't have to mate if you don't want." LeafPool whispered something to herself, then stared back at her mate blankly "just do it."

"'Ight." CrowFeather lined his dick to LeafPool's small core. Then he *slowly* plugged it it (**IM SORRY I WANTED TO CHANGE TERMS BUT I DIDNT KNOW HOW TO SAY IT LOL-**). LeafPool gasped as CrowFeather started going faster, when he already broke her hymen. LeafPool moaned as CrowFeather reached deeper into her. "I- oh!" CrowFeather accidentally reached the womb "sorry, wasn't meant to happen yet." He went back, but still kept thrusting fast.

LeafPool purred between moans. "Where's the part where it hurts? You told me." She taunted her mate, turning around surprising CrowFeather "you want to feel *it*? Why?" LeafPool just.. nodded. "I don't want to hurt you."

"But I want to know what it's like! I never mated before.." CrowFeather stared at her still thrusting his huge member inside of her swollen pussy "of course you haven't. You were a medicine cat." LeafPool sighed *I haven't done a* **real** *mating session, the only thing I did on my first heat was getting fucked up by CinderPelt!* "Uh?" LeafPool looked at CrowFeather "did I say that out loud?" "From what i heard, yes." "Oh..!" LeafPool whisper turned into a moan as CrowFeather suddenly stabbed into her. "Since you want to know how the pain feels, I'll let you know!~" CrowFeather dragged his words as he eventually went harder inside of LeafPool.

She whimpered. It *did* hurt, and the pain was unbearable. *Get over it LeafPool... you asked for it.* LeafPool wanted to cry out one of her former clanmates' name, but she knew it would've been useless. They were far from the lake territory. Should she tell CrowFeather

to stop hurting her? *No. I asked for it. I better cope with it.* She snarled as the pain reached her, but moaned, too. It wasn't from pleasure, it was LeafPool's body reaction, and she couldn't do anything about it. Suddenly she got turned around by CrowFeather, who grabbed her by her neck's scruff softly and pierced his claws in the dirt beneath them. CrowFeather went deeper into LeafPool "Ah! ~" LeafPool moaned, CrowFeather's moans came muffled "oh LeafPool!~" he held her tight, thrusting his member faster and harder than LeafPool could imagine. "Get ready for our *wonderful* kits" CrowFeather's meow came out as a growl, and released a deep load of cum inside of LeafPool, followed by his sperm. He slowly thrusted into her now, LeafPool being relieved it wasn't painful anymore. CrowFeather helped the rest of his cum get inside of LeafPool, and let go of her scruff. But he still remained on her. "We should do this again sometime- oh I just had an idea!" He dismounted LeafPool, whose legs we're sore "what idea?" CrowFeather walked in front of LeafPool, his member still unsheathed. He pointed at LeafPool's mouth, then at his own member. He didn't speak, but the gaze of the Tom did. "No, not right now." *I'm too sore.*. CrowFeather looked at his mate sadly, then just gave a brief nod, pulling his penis back into a sheate. He cleaned up the mess he made. LeafPool dragged herself to their makeshift den. "I'll go hunt." CrowFeather announced, but got interrupted by LeafPool

"Why? Aren't you sore?"

"Me? Sore?"

"Mhm."

"No."

"How..?"

"I dunno, probably used to it." CrowFeather padded away to hunt,

Used to it? Did he mate with other she-cats?! Did he betray me? Ugh... I'm probably just dreaming. He would never do that to me.

HOPE YOU LIKE THIS :)

BlackStar x FireStar x LeopardStar x MistyFoot x OneStar ((PT2))

This will be VERY VERY SHORT BECAUSE KM LAZY

FireStar climbed on MistyFoot, who was already ready with her hindquarters up and her mouth ready. "No." BlackStar meowed "I'll make you suck later, enjoy FireStar first." He sneered, and MistyFoot nodded. BrambleClaw and OneStar we already plunging into LeopardStar, which made FireStar start to thrust into MistyFoot "oh! Oh FireStar! Hm!~" She moaned, and FireStar chuckled "hehe... this is just the beginning" he sneered as he plunged into her harder, which made her yowl, and also ma a half moan. He grinned as the she-cat followed his rythm perfectly "I did it think you were *this* good, now I know why OneStar flirts with you." He spat as he reached the womb already, which made her yowl. She began to moan again soon enough. She looked at BlackStar with desperate eyes "I'm enjoying him" she panted "can I suck on you now?" She pleaded. FireStar stopped a second with his member still inside of the she-cat. OneStar did the same. FireStar looked at BlackStar. "My back legs are sore. Should I just suck on her core?" "No, we can switch places if you want, just let me taste me before." He sneered as he placed his member on MistyFoot's mouth. He thrusted into her a couple of times before finally cumming. FireStar didn't fum yet, though. "Alright, let's switch now." FireStar aimed with his large dick -but way smaller than BlackStar's- at MistyFoot's mouth, but she just dragged him towards her and started sucking on it without warning. BlackStar started thrusting into the she-cat routhlessly, he was going too hard that he yowled in pain too. The huge white Tom moaned as he touched her womb. Soon FireStar cummed into MistyFoot' mouth, who collapsed as soon as he took the member out of her mouth. OneStar and BrambleClaw cummed after. They

went by the she-cats who curled up by each other. BlackStar went in front of both, and finally, MistyFoot looked actually terrified. "If we find out, that you told anyone, we did this to you two, there will be consequences." He hissed with his claws unsheathed "and will make you regret becoming leader." He hissed again while cantering away with the other toms on his tail.

The two she-cats cleaned themselves up, the toms left them in a little-bit-too dirty. MistyFoot got up "I can't believe I *did* enjoy that." She sneered "are you okay, LeopardStar?" She asked her leader, whom nodded, the two walked away from the island.

BristleFrost x AshFur ((request))

Uhm I forgot

I'm so sry :(

Rape

BristleFrost shifted.

She woke up in the warriors' den, more empty than full.

Everyone must be out for patrols already. She got up, shaking the thought away. IvyPool ran up towards her as soon as she stepped out of the den "hey, BristleFrost!" She meowed not too near "are you joining the dawn patrol?" She asked reluctantly. *I don't feel like patrolling, I need to take a walk first.* "No thanks, sorry.." "it's okay! I'll choose someone else." The deputy ran off. BristleFrost looked at her, then trotted out of camp and into the territory. She looked up. The oak trees almost covered the sky fully, and hid ThunderClan's territory. *I'm glad I'm a ThunderClan cat.* She thought purring while looking up at the leaves. Suddenly what she saw changed. The oaks turned into pines, stretching long *-too long...-* which made them look like they went on for infinity. The daylight turned into night, and the stars disappeared. The grass turned into a dark gray-green colorish. *No!* She cocked her head to one side to another violently *I don't want to be in the dark forest!* "What's wrong..?" A voice from

behind some bushes rang in her ears, which bring ed her into reality. "Uh?" "What's wrong?" Teh cat continued "you look uneasy." "Oh-oh no, I'm okay." BristleFrost sat down, looking at her paws "why?" The cat remained silent, then ran off. *Skittish!* She rose back up to her paws *I* **do** *recognize that voice from somewhere,,, but where.?* BristleFrost sighed as she continued her stroll. She felt better gearing the sound of patrols from afar, and the birds singing, and chirping. *It's all so peaceful...* then, all the sounds stopped, and BristleFrost shivered realizing that she was being watched... but by, who? "Hello?" She turned back a twig snapped "who's there!" she looked behind her "come out!"

Silence.

"What are you, a scaredy cat?"

"Come out mouse-brain!"

She gave up insisting on making the cat choose to show themselves. So, she continued walking.. something looked, off, of the forest. Everything was frozen, the wind didn't hit against BristleFrost's silver fur, and the noise she once heard were gone.

Suddenly someone pounced on her, making her release a yowl of surprise. She looked up to meet AshFur's blue gaze "AshFur!-" "shut up!" The gray cat interrupted her "how *dare you* talk to me like that!?" He spat as he repeated what insults BristleFrost shouted in the air "I didn't know it was you!" She cried out "forgive me, AshFur!" The gray Tom looked at her "oh I will forgive you, but at one condition." He sheated back his claws "do you care more about *me,* or *your* body?" BristleFrost stiffened *think think think!* "It-depends...?" *No! MouseBrain! What were you thinking!* AshFur let out a soft growl "so you don't have loyalty in me. Pheraps, mayhaps, it is only punishable by one thing." He hissed with a small h8nt in his voice of.... *Of what?* "What?" She gasped as the cat tried to force her to turn around. They staid there trashing around for some seconds, or five hours. *-yes, I know that five hours seems impossible, and that someone would've catched on me trashing with..l well, air. But we were out of reality and time.-* which, seems absurd to me too.

Eventually AshFur managed to turn her around, he flattened her

body to the ground, and BristleFrost could barely breathe because of her chest being slammed in the ground.

BristleFrost gasped as she felt a hard tip touching her core "what are you doing!" She hissed, trying to trash him off, but it was no use.

AshFur remained silent, and started to thrust into the she-cat hard. BristleFrost moaned in pain. "No- stop!~" her plead turned into another moan, BristleFrost couldn't believe that the cat she treated like her idol was currently raping her "AshFur please!" She cried "stop it!" Yet, teh cat remained in his position, with his teeth around the she-cat's scruff, and thrusting his dick into Bristle's small ass,

She started panting "panting already?!l AshFur scoffed "weak." He slammed into her pussy even harder, which made BristleFrost yowl. She wanted to call for help, but she couldn't, nobody would answer nor hear her. *Fucking shit!* She thought cursing as the silver Tom kept going in-and-out with his penis into BristleFrost.

AshFur planted his claws into BristleFrost's shoulder, which made her whimper. BristleFrost started trashing around as she knew that AshFur was about to reach his climax. "AshFur! Don't do this!" She laid down as the cat started to fuck her at an incredible speed "Ah! AshFur! Please!" "You might not be in StarClan anymore if you do this!"

AshFur growled "does it look like *i* care?! Punishments are punishments." He meowed as he came, and slowed down.. slightly. "And, you are *mine* now." BristleFrost whimpered as she looked at the puddle of cum that formed under them. AshFur let go of her scruff, but still with his member in "but.. I-" "shut up!" AshFur dismounted her without completely sliding his cock out, which made BristleFrost scream in pain. *I have a relation-ship with RootSpring! How dare he say that I'm his!!* "I know what your thinking." AshFur hissed, "if I know your meeting up with him still." He padded away. "There will be painful consequences"

SquirrelFlight stared at BrambleClaw from a distance.

I need him. She thought before walking towards him.

"BrambleClaw! Heh... I um- need to talk to you."

She looked around "in private!!!"

BrambleClaw looked up from his squirrel. "Okay." He meowed before finishing his squirrel.

***

The two walked in the territory, and SquirrelFlight was leading themselves.

Just outside the territory! She thought while walking. She also noticed BrambleClaw staring at her core. ***Oh, I see you understand now!***

***

They went inside an "enclosure" (sorry I kind of suck at remembering the right terms 😶), and SquirrelFlight turned toward

BrambleClaw "I need your help" she started.

BrambleClaw chuckled "I know." He teased her and went behind her to lick her core.

"Ah!" SquirrelFlight gasped, and turned away quickly. "Please! This is serious!" BrambleClaw stared at her grinning "StarClan cursed me with this heat."

BrambleClaw laughed and licked her core again. "And?"

SquirrelFlight gasped again.

Even if she enjoyed it, she wanted to mate, not just licking. "BrambleClaw!" She scolded as she batted him down with her paw.

BrambleClaw stuck out his tongue and... well, licked the air.

SquirrelFlight groaned "please! I need this!" She pinned her ears "you're the only one I can ask this to."

BrambleClaw suddenly turned on 'serious mode' "fine." He mumbled before forcing SquirrelFlight into a mating crouch. *Finally! About time!* She thought while correcting her mating position,

Then, BrambleClaw started the work.

He thrusted his manhood inside SquirrelFlight's tight core, who moaned.

"Just like when you were an apprentice ~" BrambleClaw dragged his words.

"Just.. like when I was an apprentice... OH!" SquirrelFlight moaned as BrambleClaw hit her womb

"Ah! Already?!" SquirrelFlight moved her hips back until she met the start of his cock "you're surprising!" She murmured as BrambleClaw kept on thrusting, faster now.

"My little squirrel..." he teased, but SquirrelFlight -surprisingly- didn't argue.

"Ah- faster!~" she moaned.

BrambleClaw sank his claws into the ground, and felt as if he would almost come.

"Get ready..." he meowed before grabbing her by her scruff.

SquirrelFlight knew what it mean. ***Here it comes!.***

It wasn't long before BrambleClaw released a load of his cum + sperms.

"You aren stopping now, are you?" SquirrelFlight asked "like.. what are you, a kit?" BrambleClaw stared at her with his penis still inside. "Well, Bramble*Kit*? Why aren't you answering?~" she teased.

"I'll show you who's the kit here..." he teased as he started thrusting, faster and harder than SquirrelFlight expected him to go.

"Ah! AH BRAMBLECLAW!~"

"SquirrelFlight!~" they froze as SquirrelFlight heard her sister's meow ring outside.

"Get off of me! Now!"

"I-I can't!"

"What do you mean you can't?!"

"I can't, okay! I'm stuck!" SquirrelFlight covered her eyes.

"There you- oh!" LeafPool gasped as she saw the two in a mating crouch.

"Why are you having all the fun and I'm not?!" She hissed.

SquirrelFlight was surprised to hear that LeafPool wasn't mad.

"Oh.. you want fun?" BrambleClaw dismounted SquirrelFlight, who got up back on her paws.

"We'll show you something funny~" BrambleClaw peeped as he placed his cock in front of LeafPool's mouth and placed his paws on her shoulders.

He started thrusting into her mouth, and SquirrelFlight got behind her.

She started to lick her core -just like BrambleClaw licked hers- while LeafPool gagged on BrambleClaw's big ass penis.

SquirrelFlight licked furiously until LeafPool released her own juices. She licked and swallowed them up.

BrambleClaw came too, and got off of her. LeafPool barely managed to swallow the cum he left.

"What is going on here?" A meow rang from the entrance of the small cave. "Great! There' more!" SquirrelFlight hissed as FireStar and SandStorm entered the 'cave'.

"Interesting." SandStorm meowed "They red out mind."

"What do you mean-?" SquirrelFlight asked reluctantly while LeafPool still laid n the ground covered by BrambleClaw's liquid.

FireStar pinned SandStorm down, who gasped surprised. "BrambleClaw," FireStar meowed. "Help me take care of SandStorm?" BrambleClaw nodded reluctantly, and got behind with FireStar.

The toms placed their penis's inside SandStorm's core at the same time, and started thrusting.

LeafPool sighed. "Let's make our part!" She meowed before sitting on top of SandStorm's maw. "Come on SquirrelFlight, I'll lick you, while SandStorm licks me, while BrambleClaw and FireStar take care of mother." "Wonderful!"

SquirrelFlight followed her sister's s order and started moaning as she ate her out."

Everyone came at the same time.

FireStar got off SandStorm and helped her get up. "Let's all go towards camp now, shall we?"
